KFH Group, Inc.

Consultants to the transit industry, KFH Group is dedicated to providing assistance to local, state, and federal organizations to improve public and specialized transportation services. We provide services nationally, and are headquartered in Maryland. We focus on transportation planning, management consulting, policy analysis, service evaluation and design, and operational support for transportation programs in communities of all sizes- smaller towns and rural areas, suburban and urbanizing regions, and larger metropolitan environments. KFH Group assists states in developing statewide transit plans and program policies and in ensuring compliance with FTA program requirements. We offer planning services, technical assistance and training in a wide range of topics, including public transit service planning, human service and transit coordination, ADA compliance, bus stop/pedestrian accessibility, technology procurement, and intercity bus analysis. We are a DBE-certified woman-owned small business, incorporated in Maryland, and have been TAM members since our founding in 1995.

Tri-County Council for Southern Maryland

The Tri-County Council for Southern Maryland serves as a regional cooperative planning and development agency for Calvert, Charles, and St. Mary's counties for the resolution of region-wide issues and for the attainment of regional goals in economic development; environmental protection; and regional resource management, which includes transportation, utilities, urban growth and development, housing, and public facilities and services.

The transportation team is responsible for regional transit service coordination; regional transportation plan development and implementation; promoting carpool, vanpool and commuter express bus service; developing and implementing strategies and tools aimed at encouraging cooperative land use and resource planning between NAX PAX River and its surrounding cities and counties, state and federal agencies, and other affected stakeholders; and providing technical support for programs such as Regional Transportation Coordination Program (RTCP); 5310 grants program; Senior Ride Program (SRP); and other transit related programs.

Tri-County Council for Southern Maryland (Cont.)

Program Highlights:

- The Tri-County Council of Southern Maryland has been awarded a Rural Maryland Prosperity Investment Fund (RMPIF) Grant by the RMC to explore Innovative Solutions to Increase Healthcare Related Transportation. The project will consist of contracting with the CTAA and the NCMM to facilitate a regional workgroup using Design Thinking to lead community stakeholders through creatively thinking outside the box to develop mobility solutions that meet the needs of the users, use existing resources and can be financially sustained.
- The Tri-County Council for Southern Maryland has established a Bicycle & Pedestrian Infrastructure Advisory Committee for the purpose of promoting, planning, and increasing bike trail connectivity throughout the Southern Maryland Region. The Committee shall concentrate on creating trails that increase bicycling tourism both in the local community and attract riders from outside the region to increase economic activity.
- The Tri-County Council for Southern Maryland's Regional Transit Coordinator was the recipient of TAM's 2016 Friend of Transit Award.
- The Tri-County Council for Southern Maryland's Transportation Specialist has been appointed to the ACT Public Policy Committee as a voting member by the International Association for Commuter Transportation and will advise the ACT Telework Council Committee on policy changes in the US.
